

Mortise Locks. For Any Door.

MORTISE LOCKS

Mortise Locks are used on every kind of door - entrance, bedroom, bathroom, hotel room doors, office cabin doors, you name it! They are suitable for single shutter, double shutter or sliding doors. Mortise Locks are usage specific which is why depending on where they are to be fitted, they combine different features - safety; safety and privacy, etc.

Main Door

Bedroom Door

Balcony Door

Bathroom Door

CYLINDERS & MASTER KEYING

All Mortise locks can be master keyed. The master keying feature provides greater convenience. In the case of a home each member can have a key to suit their specific need. Just to illustrate - the Children's key will be custom-made to open the main door and their bedroom door; the Maid's key can open the main door, without access to master bedroom and any other room; the Head of the Family will have a Master key that opens all doors.

Master keyed cylinders are compatible with glass patch fittings.

If you are looking for an aesthetically sophisticated, high-security lock, then the Mortise Lock is what you need. Apart from the stylish design, the lock case is fitted into the door and so makes the lock extremely durable and sturdy. SOBEET Mortise locks can be master keyed and are widely used in residences, institutions, commercial spaces, office premises and leading hotels all over India.
